

Achieve MIPS Success with the Premier® Clinician Performance Registry

The Premier® Clinician Performance Registry supports data collection, measure calculation and data submission to satisfy the Merit-based Incentive Payment System (MIPS) reporting requirements for eligible clinicians and groups.

Our Qualified Clinical Data Registry (QCDR), approved by the Centers for Medicare & Medicaid Services (CMS), supports the three reporting categories of MIPS – Quality, Improvement Activities and Promoting Interoperability. (The Cost category is automatically calculated from claims data.)

The Premier Clinician Performance Registry offers measures applicable to all specialties, including:

- + All MIPS Registry Eligible Measures
- + All available electronic clinical quality measures (eCQMs)
- + All Promoting Interoperability and Improvement Measures
- + Specialty Measure Sets from:
 - › Dietetic Measures from The Academy of Nutrition and Dietetics
 - › Oncology Measures from the Oncology Nursing Society
 - › Anesthesiology Measures from the Anesthesia Quality Institute

Participation benefits include:

- + Electronic data feed to automate data transmission
- + Projected scores for each provider with ability to compare projected scores if reporting as a TIN versus reporting as individuals
- + Web-based application that provides on-demand measure reporting with benchmarks to view up-to-date provider performance dashboards
- + Identification of provider quality improvement opportunities regardless of care setting, electronic health record (EHR), payor or specialty to support the Quality Payment Program

Get started with the Premier Clinician Performance Registry today to begin tracking your clinical data for the 2020 MIPS reporting program.

STEP 1	Contact Premier to discuss your organizations MIPS needs
STEP 2	Sign agreement with Premier to support your 2020 MIPS reporting
STEP 3	Participate in project kickoff, orientation and project plan review
STEP 4	Commence technical implementation
STEP 5	Conduct testing and data validation
STEP 6	Receive training on using the performance dashboards
STEP 7	Complete MIPS measure selection, clinician/group attestation and data validation
STEP 8	Complete MIPS submission to CMS
